

EASTER LILY CARE INSTRUCTIONS

Prompt and proper care will extend the life of these lovely holiday plants.

- When you get your lilies home, please unpack and unsleeve immediately.
- Easter Lilies prefer moderately cool temperatures and bright, indirect natural light.
- Water when the soil feels dry to the touch.
- Avoid exposure to drafts or hot air blowing directly on plants.
- After the last bloom has been cut away, you may plant them outside in a sunny location after all danger of frost has passed.

**With proper care, you will be able to
enjoy your lilies for years to come!**
